Question 1 is about the following e-mail.

Dear Mr. Patterson,

I am a student in your wood shop class who is very angry with you. Your class is very unsafe and your other students are irresponsible. ^{おせきにん}

The class is unsafe because there are not enough headphones to protect everyone's ears when we use loud machines. The machines are also dangerous. A power drill was on fire last week!

The second reason ^{ホッコキ} I am angry is because the other kids are irresponsible. Tommy and Jason shoot staples at people with the staple guns. John tries to scare people when they are cutting wood. Someone could lose a finger or an eye in your class. You should be watching the class more carefully.

Please make your classroom safer or I will tell the principal.

Thank you,
Anonymous
